WELCOME TO MYCHART

HEALTH ACCESS MADE EASY

Bayhealth is committed to your health. And we're making it easier for you to stay connected with your health information.

MyChart patient portal is a free online tool that gives you secure, 24/7 access to your health records. The MyChart mobile app is also available.

WITH MYCHART YOU CAN:

- Access medical history, medications and immunizations
- View test results
- Communicate with your care team
- View after-visit summaries or discharge instructions
- Pay your bill online
- Get appointment reminders and check in early
- And much more!

HOW DO I SIGN UP FOR MYCHART?

Simply go to [Bayhealth.org/MyChart](https://www.bayhealth.org/MyChart). Under New User, click to sign up now. You can enter an activation code if you received one, or click the option to sign up online without.

Download the MyChart app for iOS or Android phones.

FAST PASS

Fast Pass is a wait list feature available through most practices that provides patients the opportunity to be seen by certain clinicians earlier than originally scheduled. When openings become available, Fast Pass can automatically send text or email messages to notify you of a wait list appointment offering. Upon receiving the message, you can then log in to the MyChart website or app and claim the offer if it is still available, or decline it to keep the original appointment or wait for another offer.

SELF-SCHEDULING AND OTHER FEATURES

For ease of use and convenience, Bayhealth continues to build upon the MyChart experience with features such as self-scheduling for some services.

Ask at your next appointment if these features are available through your practice or for the service you need.
